

Cynthia is a management consultant with over 25 years of professional experience helping a variety of public and private sector organizations achieve their goals. Her functional areas of expertise include strategic and project planning, organizational assessments and design, and financial feasibility studies. A lifelong learner, Cynthia recently completed her Master of Public Health in health policy from Columbia University. She also holds a BA in Finance from Florida State University and an MBA from Indiana University in Finance and Organizational design. Cynthia and her husband live, work, and play in Sarasota and enjoy traveling, especially to visit their adult sons in the DC metro area.
